

Rocking the Boat

Stop rocking the boat, lady!

"But..."

Shut up and stop rocking.

"But..."

Don't make this more difficult.

"But..."

We have enough to deal with.

"I'm not..."

Now look what you've done –
we're heading into a canyon.

"So sorry; I tried to tell you."

Stop grabbing the oar, lady!

"But..."

Shut up and stop grabbing.

"But..."

Don't make this more difficult.

"But..."

We have enough to deal with.

"The oar..."

Now look what you've done –
we've lost the oar overboard.

"So sorry; I tried to grab it.

Guess I'm just ignorant and decorative,
like you say."
